

Zachary Kohs

zachary.c.kohs@gmail.com | 513-324-4993 | github.com/ZacharyCK | [LinkedIn](#) | [Portfolio](#)

Skills

Technical: HTML, CSS, JavaScript, Bootstrap, ReactJS, NodeJS, SQL, Git/GitHub, Python

Non-Technical: Communication, Team Player, Troubleshooting, Debugging, Can Work On Own, Self Motivating

Project

Movie Industry Analysis - github.com/ZacharyCK/movie-industry-analysis

I used Python and several tools like Python's NumPy and Pandas libraries and SQLite to take movie data from three different datasets to find out what actors, directors and genres have been the most successful in the film industry in the past five years (2018 - 2022)

Smart Brain Face Detector - zachssmartbrain.onrender.com

The purpose of this project is to detect human faces in images. You can register, sign in and see how many images you have checked for faces up to that point. This application utilizes ReactJS, Express, and PostgreSQL. It is deployed through Render.

Portfolio Website – zacharyckohs.com

I used different web technologies and resources to build a portfolio website to display my projects and display my information.

Education

Cincinnati State Technical and Community College

AAS Computer Software Development/Computer Science Graduated December 2022

Code Kentucky

Data Analytics December 2023
